

## **WMAC Flying Field Rules**

### **Members may only fly at the following times:-**

Electric: 9am to 8pm Monday to Saturday,

Non-Electric: 9am to 7pm Monday to Saturday,

All Aircraft: 10am to 7pm Sunday and Bank Holidays

### **Noise Limit**

Model aircraft **exceeding a maximum of 82dB(A)** are **NOT** be permitted to fly.

### **Members must not fly solo until they have passed their BMFA A Certificate.**

**The Club recommends that solo Members do not fly on their own, in case you have an incapacitating accident.**

Club Instructors or Examiners flying another member's airplane shall not be held responsible for any damage caused to that model, if it goes out of control.

**Instructors are to instruct using the same mode on which they passed their test, unless using a Buddy-Box.**

### **Pilots must fly the field correctly:**

Always use the designated pits area to set up and start models

Never fly over the **Pits** or the **Car park** and only fly in the No-Fly Zone when taking off or landing on both runways. **Never taxi** into or out of the pits with an unrestrained model.

### **Flying limited to FIVE airborne models at any one time.**

### **35Mhz Radio Frequency.**

Pilots must only use their allocated frequency, indicated by *Personalised Peg* must be on the frequency board prior to switching on your transmitter.

### **Large Models ( from 7 to 20 kg. ) must have a failsafe fitted.**

Only to be flown by BMFA Gold Members, or holders of an LMA Certificate of Competence.

**Failsafe are to be fitted** and should be set to reduce the engine power to idle. Refer to the BMFA Handbook for more details.

### **Prop-Hanging.**

Pilots must not fly prolonged prop-hanging sessions whilst other pilots are flying normal patterns.

If Pilots are practising prop-hanging, normal flying is not allowed. Due consideration should be shown by Members involved in both activities.

### **Helicopters.**

There is a helipad training area. In addition pilots may use an area to the left hand side of the cross runway, however prevent mixing rotary and fixed wing flying, 10 minute runway slots are to be mutually agreed between members.

### **Caravan**

There is to be no smoking in the hut at any time.

### **Dogs and Pets.**

All Pets should be on a lead and kept away from the Pits and Flight Line.

**The Wrexham Model Aero Club is a BMFA Club and complies with the rules as set out in your BMFA Members Handbook.**
